# Comprehensive Needs Assessment

## Needs Assessment Overview

### Needs Assessment Overview Summary

During our first meeting which was held on June 18, from 8 - 4, at Randle High School, the ILT, the counselor, and three teachers discussed the purpose for the meeting including the process for identifying our campus needs and the methods for analyzing data. We identified several pieces of data that would assist the team including district STAAR data projections, Campus Climate Survey, PBIS data, attendance data, and 23 -24 NWEA Map data.

**Problem Statements Identifying Student Learning Needs**

**Problem Statement 1 (Prioritized):** Not all students are prepared for the next grade level, especially in Kinder, 1st, and 2nd grade. **Root Cause:** Teachers lack understanding of differentiation and scaffolding in small group instruction and they are not proficient in implementation, or they don't see the value in utilizing the strategies.

**Problem Statement 2 (Prioritized):** Science scores were only at 55% Approaches. **Root Cause:** We did not have a certified teacher teaching 5th grade science.

**Problem Statement 3 (Prioritized):** GRA scores were not as high as we would have liked in Kinder, 1st, and 2nd grades. **Root Cause:** Several positions were vacant at 1st and 2nd grades, data was not utilized to guide reading instruction, and guided reading was not implemented with fidelity in Kinder, 1st, and 2nd grades.

# School Processes & Programs

## School Processes & Programs Summary

### Teacher Retention

	# of Teachers	% Retained	# of New Teachers	# of Vacant Positions
2023-2024	30		4	3
2024-2025	33	73%	8	0

Meyer Elementary had 30 teachers during the 2023-24 school year. Twenty-two returned for the 2024-25 school year. Three additional teaching positions were added for the new school year totaling 8 new teacher hires for the 2024-25 school year. To adequately staff the Innovative Day Program, three additional paraprofessional positions totaling 8 paraprofessional hires for the 2024-25.

## School Processes & Programs Strengths

Strategies that promoted student success:

- weekly planning meetings with instructional coaches
- following the district data protocol
- utilizing the district roadmaps
- utilizing pre and post tests
- continuing job embedded professional development

## Problem Statements Identifying School Processes & Programs Needs

**Problem Statement 1 (Prioritized):** Teachers are not proficient in providing quality tier 1 instruction **Root Cause:** Twenty-seven percent of our staff is new to the campus and staff members have been moved to new grade levels year after year.

# Perceptions

## Perceptions Summary

### Family and Community Engagement Summary

Meyer Elementary works very hard to create a warm and inviting school community. We utilize multiple means to communicate ways for parents to partner with us in educating their children. Meyer provides many events for parents to participate in the school community.

### School Culture and Climate

All classroom teachers have systems in place for students to be successful not only academically but behaviorally such as Character Counts, CHAMPS, and PBIS. Campus staff hold students accountable through the universal use of common language, campus procedures, expectations, and rewards. The Meyer Elementary PBIS committee meets monthly to review classroom and school behavior data and to help solve any areas of concern or need.

Climate surveys are given to staff, students and parents each year.

## Perceptions Strengths

- Behavioral expectations are posted in all classrooms and common areas.
- Each student has a behavior chart.
- The PBIS Committee met once a month to promote kindness and to develop positive social skills.
- PBIS points are given as an incentive for appropriate behavior.

## Problem Statements Identifying Perceptions Needs

**Problem Statement 1 (Prioritized):** Student attendance is 94.5% which is below 95%. **Root Cause:** We have several students who are chronically absent and late.
