

Dear Potential Sponsor,

The 9th annual **LCISD Auto Fest Fundraiser** is hosted by the Lamar Consolidated Automotive Technology Program and will take place on March 23rd, 2024, at the Lamar High School campus. This awesome family event brings the entire community together for a unique Vehicle and Vendor Event.

We would like to offer this groundbreaking opportunity for your business to be one of the initial supporters of this community event that serves students from all campuses of the Lamar Consolidated School District. Support from local businesses, such as yours, is needed to ensure the success of our event.

All funds raised directly support the LCISD Automotive program funding the following activities: competing in Automotive Skills USA (VICA), educational field trips, work apparel uniforms and scholarships. As you know, all of these endeavors can become an enormous financial burden. Contributions and involvement from the community are imperative to ensure student success in the automotive program.

Your generous sponsorship will be greatly appreciated, and we thank you very much for your careful consideration. We are a non-profit organization, and all donations are tax deductible. Feel free to contact me with any inquiries regarding this request.

Sincerely,  
Allen Wilson  
832-223-3187
